

Dear Grison

We are the first form at Nasaryk's Business Academy. We are happy to help you. We don't know you but we want to know you.

We learn a lot. We have got lots of new technologies. We are not a boarding school but we have got a library too. We are 15 or 16 years old. And you? What do you like? What are you doing in your free time? We are looking forward to your letter.
