My mother works as a postman and my father works as fireman. We live in a semi-detached house with a garden and garage. We have some animals. I have a small white dog, brother has a chameleon and sister has a rabbit. Slatiny is a beautiful place and I love living here.

Our school - Masaryk business academy

Masaryk business academy is located in the town Jicin in the Hradec Kralove region. The academy was founded in 1922 and called public business school. In 1945 was established four-grade business school, its name is Masaryk's business academy. And in 1999 to 2000 was implemented the reconstruction of the school and built a new big gym. Now at school there are 2 branches. Branch business academy and branch IT in economics. The school is very modern because there are about 150 computers and in almost all classes there are projectors. There are three language laboratories equipped with audiovisual devices and computers, three IT laboratories equipped with computers for each student and other classes. Fourth grade students complete their studies with a graduation test.

I am now in the third year. This year is really difficult and in our school there are about 300 students and 27 teachers. Teachers in our school are excellent. They are polite, friendly, experienced, likeable and they have to be patient with us because it is not easy with us. In our class there are 20 girls and only 4 boys. They are very good and friendly.

This is me

This year the summer was bad. It was cold and wet. The first month, from 7th July to 8th August I had a summer job. I worked in a factory. I packed boxes and prepared pallets of boxes. It was not difficult.

The second month was better. The sun was shining, hot weather and I didn't take a summer job. Me and my cousin were going swimming and fishing. Sometimes we were going to dance lessons. During the day we had to help my uncle in the garden. We picked fresh fruits.

Now in the Czech Republic is time for autumn. The weather is colder, wet, wind and day is running out. I don't like autumn because the weather is too cold to ride a bike, to go roller skating and fruits and vegetables are not fresh. Leaves are falling from trees and trees are bare. In autumn I like to run the kite.

If this letter arrives before Christmas, I wish you Merry Christmas and say hello to your friends.

Goodbye, Yours Lukáš from MOA, Jičín, Czech republic
