

Ki Daise,

How are you? We hope you are home. We miss you. We would like to congratulate you on your successful promotion to the 6th class. We hope that you will have fun in this class and in program.

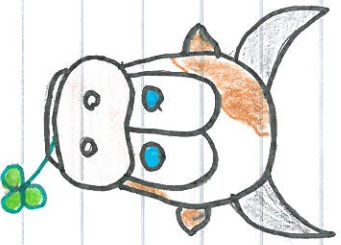

We really like your pictures for example your sea stars very nice. Do you like drawing?

Thank you for your wish for Christmas and New Years Eve. What about your Christmas? How did you spend your Christmas? And how you were seen fireworks at New Years Eve?

Almost all of us like English and don't like Math. We study at economics high school. We are at 6th grade and next year we are going to do matricula exam. We hope that you will write us another letter until we are on this school.

Dear David,

We are proud of your promotion to 6th class. We are fine. And what about you? What did you get for Christmas? Did you like your presents? And what about New Year? How did you spend it? Did you see fireworks? We're happy that you like Math and English, because there are important subjects. We like English, too. And second subject, what we like a lot, is PE. What do you do in your free time? Do you do any sports? We like football. It's our favorite sport.

We are from third class and next year we are going to do matricula exam. We wish you good luck, happiness and a lot of health.

Best wishes

Nikolas, Dominik, Michael

Dear Derik,

Thank you for your beautiful letter. We are fine and what about you?

We congratulate on your success in school. We are in the third class.

We are going to do graduation next year. We like English too and a little bit math.

How did you celebrate the Christmas? And what did you get? We love

Christmas. We decorated the Christmas tree and on Christmas Eve we

have carp and potato salad. Then we unwrap the presents.

We wish you happy New Year too.
