

Hi Deril,

Thanks for your letter. I send you now three letters from our students. These are letter from three classes (1.A, 1.B and 1.C). They are students, they are the first year and they don't know much about you.

Hi Deril!

Thanks for your letter. We are happy that you like your new project and we would like to congratulate you on your marks!

We are class 1C, we came to this school on the 1st of September 2015. We are all about 16 years old. We study information technology and we learn how to type with all 10 fingers, it's a challenge for us! Our favourite subjects are Maths and English and basic science.

We were looking for snow but it did not snow at all. The weather here in the Czech Republic is very dry and hot – it was weird. We have different problems with the weather. Next week we are going to ski in the mountains with school. We're praying for snow.

We hope you will answer us soon.

Your friends 1C"

Hi Deril, How are you? We just had Christmas, so we are pretty fine. Are you doing any sports? What class did you finish at April? Have you got any friends or pet? We hope you do. What subjects do you have in school? And what are you doing in your free time? We hope that you are having a good time.

Have a nice day.

English class of I.B

Hello Deril,

We are not fine, because we are at school. The Christmas holiday were very short. It is very cold here -5 °C but we don't have any snow. Do you celebrate Christmas? What do you do in free time? What is your favourite subject? Have you any animal ? We eat dumplings with cabbage and park. What do you like to eat? Have a nice day.

Bye 1.A
